

## VILLAGE OF ELK RAPIDS

# WATER QUALITY Q&A

In response to many concerns over water quality in Elk Rapids, rather than attempting to respond to each person individually, the DPW has organized a question and answer gathering hosted here at the DPW. We will ensure to have the doors open and minimum 6 foot separation.

The DPW is hoping that with this Q&A event you will have a better idea of what you can expect from the village water, how we can help, and most importantly steps you can take to improve consistent water esthetics in your home.

**Where: DPW Garage 117 Lake St.**  
**When: June 8 @ 5pm**  
**Please RSVP: 231-264-9971 or**  
**[vllgdpwsuper@elkrapids.org](mailto:vllgdpwsuper@elkrapids.org)**

*Thank you in advance for your  
attendance and interest,*  
Marcus Evans, DPW Superintendent
